उपाध्यायों की सुचना : अध्यापकों के कक्षा में कराये गये छात्रों के सहगामी क्रियाये, प्रतिस्पर्धन, लिखित कार्य, परियोजना कार्यों के आधार पर अंक प्रदान करना चाहिए।

- I. छात्रों की प्रति स्पर्धना 5
किसी एक छोटी-सी कहानी के बारे में कक्षा में बोलिये।
- II. लिखित कार्य 5
आपके परिसर की प्रकृति का वर्णन कीजिए।
- III. परियोजना कार्य 5
हेलेन केलर के कुछ चित्रों को कमाकर चार्ट पर डालिये।
- IV. लघु परीक्षा 20 (Average - 5)
 - (अ) किन्हीं दो प्रश्नों का उत्तर लिखिए। 2 × 2 = 4
 1. एकता से कठिन काम भी सरल क्यों हो जाता है ? उदाहरण देते हुए लिखिए।
 2. चने के बारे में लेखिका ने क्या कहा है ?
 3. लेखिका के अनुसार प्रकृति का जादू क्या है ?
 - (आ) किन्हीं दो प्रश्नों का उत्तर आठ-दस पंक्तियों में लिखिए। 2 × 4 = 8
 4. अक्षरों के महत्व की तरह ध्वनी के महत्व के बारे में लिखिए।
 5. हेलेन केलर वसंत के दौरान टहनियों में क्या खोज थी ?
 6. अपने बचपन के बारे में लिखिए।
 - (इ) रूजनात्मकता - अभिव्यक्ति 1 × 3 = 3
 7. अपने द्वारा किया गया यात्रा वर्णन करते हुए छोटी बहन के नाम पत्र लिखिए।
 8. 'पर्यावरण का संरक्षण' विषय पर निबंध लिखिए।
 - (ई) शब्द भंडार। 3 × 1 = 3
सूचना के अनुसार बदलकर लिखिए।
 9. शुरु - शुरु में चस्मा लगाना बड़ा अटपटा लगा। (रेखांकित शब्द का पर्याय शब्द लिखिए।)
 8. हाथ साफ करना - मुहावरे का अर्थ लिखकर वाक्य में प्रयोग कीजिए।
 10. उसके साथ ही छालों का इलाज शरु हो जाता। (रेखांकित शब्द का अर्थ लिखकर वाक्य बनाइए।)
 - (उ) भाषा की बात। 2 × 1 = 2
सूचना के अनुसार बदलकर लिखिए।
 11. काश्मीर बहुत सुन्दर नगर है। व्याकरण की दृष्टि से रेखांकित शब्द क्या है ?
 12. अनुचित - शब्द में उपसर्ग पहचानिए।

Marks Secured						
Note : The teacher asks the students to do the following works i.e., children's participation, project work and written work, under his or her guidance to assess their communicative and written skills.						

SLIP TEST

A. Read the following passage :

The jackal who had been waiting for this opportunity, dragged the sadhu and ran into the jungle. He took the sadhu to a lonely place, tore him into pieces and ate him up. The animals were very sad, angry and disappointed with what had happened to the sadhu. They were afraid that the hungry jackal would appear again the next day. Then they heard a strange noise. All of them ran in that direction. What they saw surprised them. They saw the stomach of the jackal growing bigger and bigger. It continued to bloat until it burst. Then they heard a soft voice : "May my animals, birds and insects live in peace and harmony ! May there be no fences around you ! May you sing and dance once again ! Remember me and be not afraid."

When they looked up at the sky, they saw the moon shining brilliantly, spreading milky brightness over the earth. The animals once again started to roam, sing, and sleep in peace. They broke down the fences which they had built. They invited the moon and the stars for their cultural evenings.

Now, choose the correct option and write its corresponding letter in the space provided.

(4 × 1 = 4)

- The jackal dragged the sadhu and ran into the jungle because ()
 - he wanted to kill the sadhu and eat him.
 - he wanted to teach a lesson to the sadhu.
 - he wanted to surrender the sadhu to a lion.
 - he wanted to ask to pardon him.
- Who had been waiting for the opportunity ? ()
 - The jackal
 - The sadhu
 - The animals
 - The birds

3. Why were the animals afraid ? ()
- A) because the sadhu offered himself as a meal to the jackal.
B) because the jackal killed the sadhu.
C) because the hungry jackal would appear again the next day.
D) because the jackal dragged the sadhu and ran into the jungle.

4. The animals were very sad, angry and disappointed because ()
- A) the sadhu offered himself as a meal to the jackal.
B) the jackal killed the sadhu and ate him up.
C) the hungry jackal would appear again the next day.
D) the jackal dragged the sadhu and ran into the jungle.

B. Creative writing : (2 M)

5. One day a jackal entered the forest he was dirty dangerous and very cunning too

C. Read the following passage and write as directed. (4 × 1 = 4)

The sadhu brought together the lions and the rabbits for a common (6) meal. He visited the python and the viper, and had a long chat (7) with them. He advised (8) the eagle not to attack the little chicks that had lost there (9) mother.

6. Write the synonym of the underlined word.
7. Write the antonym (opposite) of the underlined word.
8. Write the other form of the underlined word.
9. Replace the underlined word with the correct one.

D. Read the passage given below. Four sentences in the passage are numbered at the beginning. Each of these sentences has an error. Correct and rewrite them in your answer booklet.

(4 × 1 = 4)

(10) "I have everything grand to offer you. (11) I didn't glow or sing, but what I have I give with my heart," and he scampered away. (12) He returned, drag his dry branches. (13) A Great One looked grave. "I see beauty in form or sound..." all waited holding their breath.

E. Rewrite the following sentences as directed. (2 × 1 = 2)

14. The elephant is bigger than the donkey. (Change the sentence into Positive Degree)
15. Anvitha is the tallest girl in the class. (Change the sentence into Comparative Degree)

F. Creative Writing

16. In the lesson 'Peace and Harmony' you have learnt that a cunning jackal disturbed the peaceful atmosphere of the forest. He changed their minds with his words and poisoned them. He created enmity among them. A rabbit in the forest was very sad about this situation. He wrote a letter to his friend who lived in another forest describing the situation in their forest.

Imagine you are the rabbit and write a letter in the above context. (4 M)

Marks Secured						

Note : The teacher asks the students to do the following works i.e., children's participation, project work and written work, under his or her guidance to assess their communicative and written skills.

IV. SLIP TEST

A. Read the following passage :

"We celebrate our festivals with warmth and fervor. Bonalu, our state festival, is celebrated during Aashaadam as thanks giving to the goddess Mahankali for fulfilling our wishes. We prepare rice cooked with milk and jaggery, put in a Ghatam - the decorated pot and carry the pot in a procession singing songs. The fete culminates as the ghatams are offered to the local goddesses," said Laxmi.

Indu, Kiran's sister joined them and said, "Yes, last Tuesday, we saw the jubilant procession."

Indu, asked, "Mum, what about Bathukamma ?"

"Bathukamma festival is celebrated as part of Dasara. The festival has historical and religious significance. Women carry Bathukamma, beautifully stacked with Tangedu, Gunugu and Chamanthi flowers to the meeting points. Making circles around Bathukamma, womenfolk sing songs related to our culture. Later, the Bathukamma are taken to the local tanks and streams to be immersed," Laxmi explained.

Now, choose the correct option and write its corresponding letter in the space provided.

$$4 \times 1 = 4$$

1. Ghatam is a

()

A) pot.

B) decorated pot.

C) decorated pot with rice cooked with milk and jaggery.

D) decorated pot with water.

2. How do we celebrate our festivals ?

()

A) with warmth

B) with fervor

C) with anxiety

D) both A & B

3. What is our state festival ? ()
- A) Bonalu B) Bathukamma
C) Dasara D) Peerla Panduga

4. Which festival has historical and religious significance ? ()
- A) Bonalu B) Bathukamma
C) Peerla Panduga D) Sankranthi

B. Read the following passage carefully.

Earth rotates or spins at a speed of about 1600 kilometres per hour (pretty fast, isn't it ?) on its axis and orbits around the sun at a speed of about 1,07,000 km per hour. We don't feel any of this motion because these speeds are constant. That is, Earth is moving at a fixed rate, and we are all moving along with, and that's why we don't feel Earth's spin. If the rotation were to speed up or slow down suddenly, you would definitely feel the movement.

This is comparable to a car journey. When the car is moving at a constant speed on a smooth surface, you will not feel much motion, However when it accelerates or when the breaks are applied you will feel motion.

Now, answer the following questions in two or three sentences. (3 × 1 = 3)

5. When can you feel the rotation of the Earth ?
6. What is the speed of the Earth when it orbits around the sun ?
7. Why can't we feel the motion of the Earth ?

- C. Complete the passage choosing the right word from those given below it. Each blank is numbered and for each blank four choices (A), (B), (C) and (D) are given. Choose the correct answer and write (A), (B), (C) or (D) in your answer booklet. 5 × 1 = 5**

Once upon a time, (8) old man planted some turnip seeds. The turnip seeds (9). They grew and grew. "I want to pull (10) the enormous turnip," said the old man. The old man pulled (11) pulled (12) he could not pull up the enormous turnip.

- | | | | |
|-------------|---------|------------|----------|
| 8. A) a | B) an | C) the | D) some |
| 9. A) grow | B) grew | C) growing | D) grown |
| 10. A) down | B) up | C) high | D) under |
| 11. A) or | B) and | C) so | D) but |
| 12. A) or | B) and | C) so | D) but |

- D. Rewrite the following sentences using necessary punctuation marks. (2)**

13. it is said that he was invoked by lord rama and took up the work of translating valmiki's bhagavatham into telugu which was later known as pothanas bhagavatham

- E. Rewrite the following sentences as directed. (2 × 1 = 2)**

14. Sudeep likes music very much. He likes books also. (Combine the sentences using 'besides')
15. Swati works on computer. She designs programmes. (Combine the sentences using 'not only but also')

F. Creative Writing

16. Write a conversation between you and your friend speaking about Telangana culture and heritage. (4)

FORMATIVE ASSESSMENT - III

(UNIT TEST - III)

VI CLASS – ENGLISH

TIME : 1 Hr

20

Name : Section : Roll No. :

SYLLABUS : Unit - 4 & 5

Test items	Children Participation - Responses (I)	Written items (II)	Project works (III)	Slip test (IV)	Total marks	Grade
Max. Marks	5	5	5	5	20	
Marks Secured						

Note : The teacher asks the students to do the following works i.e., children's participation, project work and written work, under his or her guidance to assess their communicative and written skills.

IV. SLIP TEST**A. Read the following passage :**

Trees are the most useful things in the world. Children play under them. Travellers rest in their cool shade. Trees give us fruit to eat and firewood to burn. We build houses and make furniture with the wood of the trees. We need trees for our lives. If there were no trees, there would be no life on earth. Living things (people and animals) breathe in air. They breathe in oxygen from the air and breathe out carbon dioxide.

If all the oxygen in the air was used up leaving only carbon dioxide, what would happen to all of us ? Everyone would die. But trees help us to live. They breathe in the carbon dioxide from the air and let oxygen out into the air. With the help of the sunlight, they break up carbon dioxide into carbon and oxygen. They use the carbon to make starch and let the oxygen out into the air.

Trees make all the starch in the world. Starch is the most important part of our food. Without trees we will not have any starch to eat.

Now, choose the correct option and write its corresponding letter in the space provided.

(4 × 1 = 4)

- To make starch, the trees need ()
 A) oxygen B) sunlight C) air D) nitrogen
- The living things breathe in ()
 A) Carbon dioxide B) Oxygen C) Nitrogen D) Carbon monoxide
- We get water with the help of ()
 A) trees B) leaves of trees
 C) oxygen D) starch

4. Trees breathe out

()

- A) Carbon dioxide
B) Oxygen
C) Carbon monoxide
D) Nitrogen

B. Read the following passage and write as directed.

$$(4 \times 1 = 4)$$

There was no reply. Seema could not see any one. She was about to enter (5) the cave when she caught (6) sight of a piece of torn, crumpled paper on the ground. She pick (7) it up and unfolded (8) it out. How odd ! It had letters CLP written on it !

5. Write the other verb form of the underlined word.
6. Write the other form of the underlined word.
7. Write the antonym of the underlined word.
8. Replace the underlined word with a right word.

C. Complete the passage choosing the right word from those given below it. Each blank is numbered and for each blank four choices (A), (B), (C) and (D) are given. Choose the correct answer and write (A), (B), (C) or (D) in your answer booklet. (5 × 1 = 5)

(5 × 1 = 5)

Most fossils are remains of plants and animals preserved (9) rock. Fossils (10). many forms. Sometimes they are shells, bones, round shiny part of the skin (11) the other hard parts of animals (12) tracks of animals are also fossils. The word fossil (13) something dug up.

9. A) in B) on C) down D) up
10. A) took B) take C) takes D) taken
11. A) or B) and C) so D) but
12. A) An B) A C) The D) Some
13. A) mean B) means C) meaning D) meant

D. Rewrite the following sentences as directed.

(2 × 1 = 2)

14. Study regularly. You will do well in the examination.

(Combine the sentences using 'if' at the beginning.)

15. Vishal said, "We are going to Delhi." (Rewrite in Indirect Speech).

Marks Secured						

Note : The teacher asks the students to do the following works i.e., children's participation, project work and written work, under his or her guidance to assess their communicative and written skills.

IV. SLIP TEST

A. Read the following passage :

In 1975, Usha was 11 years old and was practising vigorously for the sub-junior District Meet - her first ever. With three days to go, Usha badly injured her heel, while practising for the long jump. The day of the event ; all eyes were on her ; she was so puny, so unbelievably tiny that she was the crowd's favourite even before the race started. A white bandage on her heel won her even more sympathy. She came first in all the four events she participated in - 100m, 200m, long jump, and high jump. She was also the individual champion at the Meet.

Academically, Usha was an extremely bright student. She was always amongst the top three in her class and was popular with her teachers. She passed her standard VII exams with a first class grade. Just then, the government of Kerala announced a separate Sports Division for girls at Cannanore, a town with special facilities for sports in addition to regular studies.

Now, choose the correct option and write its corresponding letter in the space provided.

(4 × 1 = 4)

- She was the crowd's favourite even before the race started because _____. ()
 A) she was so puny B) she was so unbelievably tiny
 C) she was the best athlete D) both A & B
- When was the sub-junior District Meet held ? ()
 A) 1973 B) 1964 C) 1975 D) 1978
- At what age did Usha participate in the sub-junior District Meet ? ()
 A) ten years B) eleven years
 C) twelve years D) nine years
- How many events did she participate ? ()
 A) Four B) Five C) Three D) Six

B. Read the following passage and write as directed.

(4 × 1 = 4)

"My white donkey," he continued, "is not a (5) ordinary one. He is a wise (6) animal. My donkey cannot speak (7) our language. But I can understand (8) his language. He will soon tell me who stole your bag."

5. Write the synonym of the underlined word.
6. Replace the underlined word with a correct word.
7. Write the antonym of the underlined word.
8. Write the other form of the underlined word.

C. Complete the passage choosing the right word from those given below it. Each blank is numbered and for each blank four choices (A), (B), (C) and (D) are given. Choose the correct answer and write (A), (B), (C) or (D) in your answer booklet.

(5 × 1 = 5)

When the weather is hot, the shady places (9) the best. People prefer to sit (10) a tree or in a cool room, or if they must go out they (11) along the shady side of street (12) cooler in the shade than the bright sunshine. (13) we should plant trees on either side of a street.

C) King

D) President

11. Who coined the phrase 'Unity in Diversity' ?

()

A) M.K. Gandhi

B) Sardhar Vallabhbhai Patel

C) Jawaharlal Nehru

D) Tilak

12. An example for taxes levied by Municipalities.

()

A) House tax

B) Water tax

C) Tax on street lights and shops

D) All the above

FORMATIVE ASSESSMENT - IV

(UNIT TEST - IV)

VI CLASS – SOCIAL STUDIES

TIME : 1 Hr

20

Name : Section : Roll No. :

SYLLABUS

18. Devotion and Love towards God, 19. Language, Script and Scriptures, 20. Sculptures and Buildings, 21. Greenary in Telangana ; Map : Telangana

Test items	Children Participation - Responses (I)	Written items (II)	Project works (III)	Slip test (IV)	Total marks	Grade
Max. Marks	5	5	5	5	20	
Marks Secured						

IV. SLIP TEST

A) Answer the following questions :

(2 × 1 = 2)

1. Why is Ramayana considered the first Kavya ?
2. What were the important teachings of Jesus Christ ?

B) Answer the following questions :

(3 × 2 = 6)

3. Who are Alvars and Nayanars ?
4. What are the salient features of 'Harappan Culture' ?
5. Why were Jataka tales delightful stories which we may like to read ?

C) Answer the following questions :

(2 × 3 = 6)

6. Give a brief account of Islam.
7. Why did Hu-en-Tsang and others describe about "Nalanda" ?

D) Answer ONE of the following questions :

(1 × 4 = 4)

8. Read the following paragraph and answer the questions.

Traders, artisans and kings of the time of the Satavahanas donated generously to build unique kinds of Chaityas and Viharas in several places in Maharashtra like Karle, Bhaja, Kanheri and Nasik. These were built like caves on hill sides. Stone workers carved rocks and reproduced the structures made by the carpenters with wood. They made large prayer halls, stupas and small rooms for monks - all made in rock. They also carved beautiful images of people and animals and some times of the Buddha. The Karle Chaitya was built about 2100 years ago.

-
- a) Who donated generously to build a unique kind of Chaityas and Viharas ?
 - b) Name the Chaityas and Viharas in Maharashtra.
 - c) What did the stone workers use to carve living rocks ?
 - d) What did they make with the rock ?

(OR)

Locate the following in the map of Telangana.

- a) Warangal b) Hyderabad c) Ranga Reddy d) Nizamabad
- e) Khammam f) Nalgonda g) Mulugu h) Wanaparthy

E) Choose the correct answer :

(4 × ½ = 2)

9. "ABCDEF" - is from which script ?

()

- A) Devanagari script B) Roman script
- C) Arabic script D) Telugu script

10. These Chinese travellers visited India to visit the areas related to Buddha and famous Buddhist Vidya Peeth. ()

- A) Fa-hi-an B) It-Sing C) Hu-en-Tsang D) All the above

11. Nalanda in _____ is the most famous Buddhist monastery. ()

- A) Andhra Pradesh B) Telangana
- C) Kerala D) Bihar

12. "Worshipping God is the only way to attain Moksha", who said these words ? ()

- A) Buddhists B) Jains
- C) Philosophers D) All the above

FORMATIVE ASSESSMENT - I

(UNIT TEST - I)

VI CLASS – MATHEMATICS

TIME : 1 Hr

20

Name : Section : Roll No. :

SYLLABUS

1. Knowing Our Numbers, 2. Whole Numbers

Test items	Children Participation - Responses (I)	Written items (II)	Project works (III)	Slip test (IV)	Total marks	Grade
Max. Marks	5	5	5	5	20	
Marks Secured						

Note : The teacher asks the students to do the following works i.e., children's participation, project work and written work, under his or her guidance to assess their communicative and written skills.

IV. SLIP TEST

A. Answer the following questions.

(2 × 1 = 2)

- How many whole numbers are there in between 29 and 49 ?
- Write the number in words : 6, 18, 07, 325

B. Answer the following questions.

(3 × 2 = 6)

- Find the product by suitable rearrangement. " $20 \times 255 \times 50 \times 6$ "
- Find the " $18 - 9$ ", using number line.
- Read the number carefully and answer the following : 302, 179, 468
 - The digit in millions place.
 - The digit in hundreds place.
 - The digit in ten millions place.
 - How many millions are there in the number ?

C. Answer the following questions.

(2 × 3 = 6)

- A milk vendor supplies 56 litres of milk in the morning and 44 litres of milk in the evening to a hostel. If the milk costs ₹ 30 per litre, how much money does he get per day ?
- Write 405268 in expanded form.
 - Write the number using commas in both Indian system, International system. "9490026824"

D. Answer ONE of the following questions :

(1 × 4 = 4)

- Write the greatest and smallest 5 - digit number formed by the digits 5, 3, 4, 0 and 7 and find their difference.

(OR)

b) Study the pattern :

$$91 \times 11 \times 1 = 1001$$

$$91 \times 11 \times 2 = 2002$$

$$91 \times 11 \times 3 = 3003 \dots\dots$$

Write next seven steps. Check whether the result is correct.

E. Choose the correct answer :

$$(4 \times \frac{1}{2} = 2)$$

9. Round off the 36725 number to the nearest hundreds : _____

()

A) 500

B) 700

C) 800

D) 600

10. Additive identity : _____

()

A) - 1

B) 1

C) 0

D) None

11. $879 \times (100 + 30) = (879) \times (100) + 879 \times 30$. Satisfies : _____

()

A) Commutative under Multiplication

B) Distributive property of multiplication over addition

C) Commutative under addition

D) Multiplicative inverse property

12. The Ramanujan's number : _____

()

A) 1629

B) 1829

B) 1529

B) 1729

Max. Marks	5	5	5	5	20	
Marks Secured						

Note : The teacher asks the students to do the following works i.e., children's participation, project work and written work, under his or her guidance to assess their communicative and written skills.

IV. SLIP TEST**A. Answer the following questions.****(2 × 1 = 2)**

- Mark any four points A, B, C and D. Join them to make a quadrilateral. Name it.
- Determine which of the following numbers are divisible by 5 and 10.
"250 ; 70895 ; 4335 ; 4580 ; 40390"

B. Answer the following questions.**(3 × 2 = 6)**

- Write the type of angle formed between the long hand and short hand of a clock at the given timings. (Take the small hand as base).

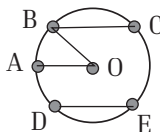

a) At 8'o' clock in the night

b) At 4'o' clock in the afternoon

- Shade the regions in the circle.

a) Sector

b) Minor segment

- Find HCF of 40, 56 and 60 by division method.

C. Answer the following questions.**(2 × 3 = 6)**

- Measure all the line segments in the figure given below and arrange them in the ascending order of their lengths.

Line segments : $\overline{AB}$, $\overline{AC}$, $\overline{CD}$, $\overline{DE}$, $\overline{BC}$, $\overline{BD}$

7. Find the LCM of 48, 56 and 72 by prime factorisation method.

D. Answer ONE of the following questions :

(1 × 4 = 4)

8. a) Draw a circle and name its centre, a radius, a diameter, a chord and arc.

(OR)

b) The length, breadth and height of a room are 12 cm, 15 cm and 18 cm respectively. Determine the length of longest stick that can measure all the dimensions of the room in exact number of times.

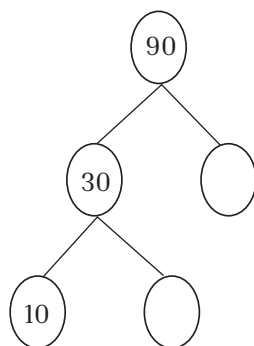

E. Choose the correct answer :

(4 × ½ = 2)

9.

Write the missing number in the factor tree for 90

()

A) 3, 5

B) 2, 5

C) 3, 3

D) 6, 2

10. Obtuse angle : _____

()

A) Angle between 90° to 100°

B) Angle between 90° to 139°

C) Angle between 90° to 180°

D) All the above

11. Write all factors of 36 _____

()

A) 1, 6, 36

B) 1, 2, 3, 4, 6, 9, 18, 36

C) 12, 18, 36

D) 1, 2, 3, 4, 6, 9, 12, 18, 36

12. Which of the following has a definite length ?

()

A) Line

B) Point

C) Ray

D) Line segment

❖ ❖ ❖ ❖ ❖

6M**FA III****T.S****FORMATIVE ASSESSMENT - III****(UNIT TEST - III)****VI CLASS – MATHEMATICS**

SYLLABUS**6. Integers, 7. Fractions And Decimals,
8. Data Handling**

Test items	Children Participation - Responses (I)	Written items (II)	Project works (III)	Slip test (IV)	Total marks	Grade
Max. Marks	5	5	5	5	20	
Marks Secured						

Note : The teacher asks the students to do the following works i.e., children's participation, project work and written work, under his or her guidance to assess their communicative and written skills.

IV. SLIP TEST**A) Answer the following questions.****(2 × 1 = 2)**

- Is $\frac{5}{9}$ equal to $\frac{4}{5}$? Also write how you solved it with explanation.
- Write the integers in increasing and decreasing order : "3, -7, 0, 5, -2".

B) Answer the following questions.**(3 × 2 = 6)**

- Neha was given $\frac{5}{7}$ of a basket of bananas. What fraction of bananas was left in the basket ?
- Abhishek travelled 5 km 28 m by bus, 2 km 265 m by car and the rest 1 km 30 m on foot. How much distance did he travel in all ?
- Add the integers using number line. " $(-6) + (+5) + (-2)$ ".

C) Answer the following questions.**(2 × 3 = 6)**

- The favourite colours of 25 students in a class are given below :
Blue, Red, Green, Blue, White, Green, White, Red, Orange, Green, Blue, White, Blue, Orange, Blue, Blue, White, Red, White, White, Red, Green, Blue, Blue, White.
Write in a frequency distribution table using tally marks for the data. Which is the least favourite colour for the students ?
- Represent the following statements using signs of integers.
 - The fish is 10 meters below the water surface.
 - Water freezes at 0°C temperature.
 - An aeroplane is flying at a height of 3000 meters.

D) Answer ONE of the following questions :

(1 × 4 = 4)

8. Add : a) $2\frac{1}{8} + 3\frac{1}{6}$

b) subtract $5\frac{2}{7}$ from $7\frac{3}{5}$

(OR)

b) The sale of television sets of different companies on a day is shown in the pictograph given below.

Scale :  = 5 televisions.

Company	Number of Televisions
A	    
B	 
C	      
D	
E	  

Answer the following questions.

- How many TVs of company A were sold ?
- Which company's TVs did people like more ?
- Which company sold 15 TV sets ?
- Which company had the least sale ?

E) Choose the correct answer :

(4 × ½ = 2)

9. $\frac{\square}{\square} + \frac{5}{27} = \frac{12}{27}$

()

A) $\frac{7}{27}$

B) $\frac{6}{27}$

C) $\frac{5}{27}$

D) $\frac{8}{27}$

10. Convert $\frac{27}{4}$ into mixed fraction : _____

()

A) $6\frac{2}{4}$

B) $6\frac{3}{4}$

C) $5\frac{3}{4}$

D) $7\frac{3}{4}$

11. Simplify $(-6) + (-7) =$ _____

()

A) -1

B) 13

C) -13

D) 67

12. Integers are denoted by _____

()

A) I

B) Z

C) A, B

D) None

IV. SLIP TEST**A. Answer the following questions.**

1. Draw the angle with the help of a protractor $\angle ABC = 65^\circ$
2. Complete the figure such that the dotted line is the line of symmetry.

**(2 × 1 = 2)****B. Answer the following questions.**

3. Check whether the given figures are symmetric or not ? Draw the line of symmetry well.

**(3 × 2 = 6)**

4. Write any two man made things which have two lines of symmetry.
5. Construct a circle with centre 'M' and radius 4 cm.

C) Answer the following questions.**(2 × 3 = 6)**

6. Complete the following table.

Shape	No. of lines of symmetry
Equilateral triangle	
Scalene triangle	
Circle	

7. Draw a line segment $\overline{AB}$ of length 12 cm. Mark a point 'C' on the line segment $\overline{AB}$, such that $\overline{AC} = 5.6$ cm. What should be the length of $\overline{CB}$? Measure the length of $\overline{CB}$.

D) Answer ONE of the following questions :

(1 × 4 = 4)

8. Construct $\angle DEF = 60^\circ$ bisect it measure each of by using a protractor.

(OR)

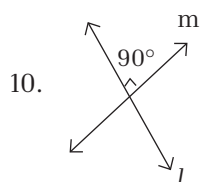

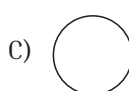

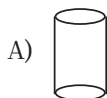

Construct the following angle by using compasses and write the steps of construction 120° .

E) Choose the correct answer :

(4 × ½ = 2)

9. Which of the figure not a line of symmetry ?

()

in the figure, the lines l and m are

()

A) Parallel

B) Perpendicular

C) Intersecting

D) None

11. Mirror image of alphabet 'B' is _____.

()

A) b

B) B

C) Ɓ

D) ɹ

12. The length of English alphabet which is vertical line of symmetry.

()

A) A

B) B

C) C

D) D
