IV. Slip Test**A) Read the following passage :**

'I'm terribly upset if I don't get a letter from him every day.'

'He knows it. That's why he writes every day'.

'Look at the way she talks,' 'Gopi's sister turned to him. 'Just as I told you. You know nothing about what's going on here, do you ?

'Who is that ?' Amma said again. 'Who is that in a car ?'

'It's me,' Gopi said. 'I had to come to Thiruvananthapuram. I thought I should drop into see you, Amma.'

'Who is your Amma ? What is her name ? Where does she live ? Is it far from here ?'

'No, it is quite near.'

'I don't know how I can bring back her memory,' Gopi's sister said to him exasperatedly.

Gopi placed his briefcase on the thinna. He opened it and pulled out the contents. Clothes, files, a shaving set

'Do you know my son, Gopi ?' Amma asked him. 'He is in Delhi a Government Officer. He has Kesariyogam He draws a salary of two thousand five hundred rupees. Do you know him ?' 'Yes, I know him.'

Now, answer the following questions. Each question has four choices. Choose the correct answer and write (A), (B), (C) or (D) in your answer booklet.

4 × 1 = 4M

- The expression, "He has Kesariyogam" means _____ ()
 A) He gets some sweet to eat B) He is well educated
 C) He is a government employee D) He is well settled
- "He knows it." ____ What does 'it' refer to in the above expression ? ()
 A) a letter
 B) Amma's getting upset if she doesn't receive a letter from Gopi every day
 C) terribly upset D) every day

Answer the following questions in two or three sentences each.

3. 'You know nothing about what's going on here, do you?' - Why doesn't the person know what's going on there ?
4. Gopi knows very well that her mother is asking about him only. But, why does he say, 'Yes, I know him' ?

- B. Complete the passage choosing the right words from those given below. Each blank is numbered and the choices are given as A, B, C & D. Choose the correct answer and write A, B, C or D in your answer booklet.** **4 × 1 = 4M**

Chamari was one of the most hard working _____ (5) I have ever employed. He was in charge of a gang and all the men and women _____ (6) his gang loved him and respected him. He was _____ (7) for keeping the accounts of everyone working under him, _____ (8) during the twenty years he worked for me, the correctness of his accounts was never doubted.

- | | | | |
|-------------------|----------------|------------|-------------------|
| 5. A) man | B) men | C) mans | D) employee |
| 6. A) of | B) to | C) at | D) in |
| 7. A) responsible | B) responsibly | C) respond | D) responsibility |
| 8. A) but | B) yet | C) or | D) and |

- C. Read the passage given below. Four sentences in the passage are numbered (9-12) at the beginning. Each of these sentences has an error. Correct and re-write them in the answer booklet.** **4 × 1 = 4M**

(9) 'Delhi is to expensive. You know I have four children to look after now. (10) I can't make both ends meet in my salary. (11) And one has to keep up his status. (12) It will be a great help if I can raise some money by selling my family property of share.

- D. Complete the sentences with noun phrases using the words given in brackets.** **2 × 1 = 2M**

13. Our grandfather lives in _____ (baby/house/a/stone-built).
14. We saw _____ in the zoo. (baby/a/elephants/of/couple).

- E. Rewrite the following sentences using proper punctuation and capitalization.** **2M**

15. 'Who is that' Amma said again who is that in a car ? 'Its me,' Gopi said. i had to come to Thiruvanthapuram. I thought I should drop in to see you Amma.'

- F. In the lesson 'The Tattered Blanket', Kamala used to tell Amma that Gopi was writing letters every day. One day Amma asked for Gopi's letters. But there were no letters from Gopi. Kamala wanted to write a letter herself to Amma and show it to her.**

Imagine that you were Kamala and write a letter to Amma by the name of Gopi. **4M**

IV. Slip Test

A) Read the following passage :

Boy,' said the gentleman in the high chair, 'listen to me. You know you're an orphan, I suppose ?'

'What's that, sir ?' inquired poor Oliver.

'The boy is a fool - I thought he was,' said the gentleman in the white waistcoat.

'Hush !' said the gentleman who had spoken first. 'You know you've got no father or mother, and that you were brought up by the parish, weren't you ?'

'Yes, sir,' replied Oliver, weeping bitterly.

'What are you crying for ?' inquired the gentleman in the white waistcoat.

'I hope you say your prayers every night,' said another gentleman in a gruff voice; 'and pray for the people who feed you, and take care of you-like a Christian.'

'Yes, sir,' stammered the boy.

'Well ! You have come here to be educated and taught a useful trade,' said the red-faced gentleman in the high chair.

'So you'll begin to pick oakum tomorrow morning at six o'clock,' added the surly one in the white waistcoat.

Now, answer the following questions. Each question has four choices. Choose the correct answer and write (A), (B), (C) or (D) in your answer booklet.

4 × 1 = 4M

- Oliver was brought up by _____. ()
 A) the red faced gentleman B) the man in white waistcoat
 C) the Church committee D) the beadle
- "What is that, sir ?" inquired poor Oliver. What does 'that' refer to ? ()
 A) the high chair B) boy
 C) the gentleman D) orphan

3. "..... and pray for the people who feed you, and take care of you - like a Christian" - Who were the people here ? ()

- A) the inmates of the workhouse B) all the orphans
C) the members of the parish D) all the poor people

4. The real reason behind Oliver's coming to the workhouse was ()

- A) to learn a useful trade B) he was an orphan
C) to be educated D) to learn to pick up oakum

- B. Read the following passage focusing on the parts underlined and answer the questions given at the end as directed. Write the answers in your answer booklet. $4 \times 1 = 4M$

A council was hold (5); lots were cast as to who should walk up to the master after supper that evening, and ask for more (6); and it fell to Oliver Twist. The evening arrived; the boys took their places. The master, in his cook's uniform, stationed herself (7) at the copper; his assistants ranged themselves behind him; the gruel was served out. The gruel disappeared (8) ; the boys whispered to each other, and winked at Oliver, while his next neighbours nudged him.

5. Write the correct form of the verb.
6. Write the opposite of the underlined word.
7. Use the correct reflexive pronoun.
8. Write the synonym of the underlined word.

- C. Read the passage given below. Three sentences in the passage are numbered (9-11) at the beginning. Each of these sentences has an error. Correct and rewrite them in the answer booklet.

$3 \times 1 = 3M$

The master was a fat, healthy man; but he turned very pale. (9) He gazed in stupefied astonishment on the small rebel for some seconds, but then clung for support to the copper. (10) The assistants were paralyzed with wonder; the boys with fearful. (11) 'What !' said the master at length, in a voice faint.

- D. Rewrite the following sentences using proper punctuation and capitalization. $2M$

12. 'What' said the master at length, in a faint voice please, sir, replied Oliver, i want some more.

- E. Change the following questions into Yes/No questions. $2 \times 1 = 2M$

13. Aparna bought a car.

14. Sindhu is eating biscuits.

- F. Add suitable question tags. $2 \times \frac{1}{2} = 1M$

15. He got top grade in the maths test,

16. Your name is Roshan,

- G. Oliver followed Mr. Bumble, went into the white-washed room and came out after some time. He faced the live board there in the room. When he came back his face became red and he was sobbing himself. Now, think about what had happened in the room.

Write a possible conversation among Mr. Bumble, Oliver and the gentlemen in the room. $4M$

IV. Slip Test

A) Read the following passage :

Margie always hated school, but now she hated it more than ever. The mechanical teacher had been giving her test after test in geography and she had been doing worse and worse until her mother had shaken her head sorrowfully and sent for the County Inspector.

He was a round little man with a red face and a whole box of tools with dials and wires. He smiled at Margie and gave her an apple, then took the teacher apart. Margie had hoped he wouldn't know how to put it together again, but he knew. After an hour or so, there it was again, large and black and ugly, with a big screen on which all the lessons were shown and the questions were asked. That wasn't so bad. The part Margie hated most was the slot where she had to put homework and test papers. She always had to write them out in a punch code, they made her learn when she was six years old and the mechanical teacher calculated the marks in no time.

The Inspector had smiled and patted Margie's head after he had finished. He said to her mother, "It's not the little girl's fault. Mrs. Jones, I think the geography sector was geared a little too quickly. Those things happen sometimes. I've slowed it up to an average ten - year level. Actually, the overall pattern of her progress is quite satisfactory." And he patted Margie's head again.

Margie was disappointed. She had been hoping they would take the teacher away altogether. They had once taken Tommy's teacher away for nearly a month because the history sector had blanked out completely.

Now, answer the following questions. Each question has four choices. Choose the correct answer and write (A), (B), (C) or (D) in your answer booklet. $4 \times 1 = 4M$

1. The change made in the computer by the County Inspector was _____ ()
A) he geared the geography sector. B) he geared the history sector.
C) he slowed it up to an average ten-year level D) he changed the overall pattern.
2. Margie couldn't perform well because ()
A) the history sector was suddenly emptied.
B) the geography sector was geared a little too quickly.
C) she couldn't know where the slot was.
D) she didn't like to write in a punch code.

Answer the following questions in two or three sentences each.

3. What did Margie hope when she saw the County Inspector ?
 4. Why do you think Margie hated her school more than ever ? How can you say ?
- B. Read the following text focusing on the parts underlined and answer the questions given at the end as directed. Write the answers in your answer booklet. $4 \times 1 = 4M$

He then has (5) a bet with me and later he found that indeed, his drawing was wrong ! My cousin's husband was surprised. He asked me to draw a few specific things, which I immediately (6) did.

He asked me to design a house and I designed an (7) house. After that, he told me to drop everything and join architect (8).

5. Use the correct form of the verb.
 6. Write the synonym of the underlined word.
 7. Use the right article.
 8. Write the correct form of the underlined word.
- C. Complete the passage choosing the right words from those given below. Each blank is numbered and the choices are given as A, B, C & D. Choose the correct answer and write A, B, C or D in your answer booklet. $4 \times 1 = 4M$

There _____ (9) three kinds of volcanoes-active, dormant _____ (10) extinct. _____ (11) active volcano has steam or gases coming from it, and when it erupts it pours out lava or throws out ash and cinders. A dormant or sleeping volcano is one _____ (12) is not active now, but which scientists think may become active again.

IV. Slip Test

A) Read the following passage :

In order to cherish the memory of Dr. Kotnis, the Chinese government built a memorial hall for him in Shijiazhuang city, Hebei Province in 1976. No single Indian has been so much revered by ordinary Chinese as this doctor from a middle class family in Northern India. Along with the Canadian Dr. Norman Bethune, he continues to be revered by the Chinese people. In April 2005, both their graves were covered completely in flowers donated by the Chinese people during the Qingming Festival, a day used by the Chinese to commemorate their ancestors. A small museum there has a hand book which contains words that Kotnis wrote in his "Passage from India to China", some of the instruments that the surgeons used at their time and many photographs of doctors. Both China and India honoured him with stamps in 1982 and 1993 respectively.

On a later occasion, Kotnis' family stood before his grave in North China Martyrs' Memorial Cemetery, Hebei Province. The family also toured Shijiazhuang and visited the Dr. Bethune International Peace Hospital, where Kotnis once served as its director. In exclusive interviews with China Daily in Beijing and Shanghai, the family members shared their memories of the doctor, not only as a hero but also as a loved brother, husband and an adventurous young man. "He was vivacious, and liked singing. Sometimes I couldn't stop laughing when he told jokes," said Guo, recalling Kotnis with a smile.

Now, answer the following questions. Each question has four choices. Choose the correct answer and write (A), (B), (C) or (D) in your answer booklet.

4 × 1 = 4M

- The word 'revered' means _____. ()
 A) respected deeply B) refused C) accepted D) rejected
- India honoured Dr. Kotnis by _____. ()
 A) building his statue B) releasing a stamp in 1982
 C) releasing a stamp in 1993 D) awarding him Padma Sri

3. Dr. Norman Bethune was _____. ()
A) a Chinese doctor B) a Canadian doctor
C) an Indian doctor D) Guo's father
4. Pick out an expression that tells us that Dr. Kotnis was a man of humour. ()
A) He was an adventurous young man B) He liked singing
C) He was vivacious D) Sometimes I couldn't stop laughing when he told jokes.

- B. Read the following passage focusing on the parts underlined and answer the questions given at the end as directed. Write the answers in your answer booklet. $4 \times 1 = 4M$

No girl who is well educated can be satisfied (5) with staying at home, being a housewife and looking at (6) the household after marriage. She would want to put her education to good use and achieve (7) something in life. I too was driven by the same desire. If (8) my husband had a good job, I took up one as well. Because Akkayya was not educated, she was married to a man from the village.

5. Write the opposite of the underlined word.
6. Supply the correct phrasal verb in the place of the underlined one.
7. Write the word that is similar in meaning to the underlined word.
8. Use the suitable conjunction.

- C. Complete the passage choosing the right words from those given below. Each blank is numbered and the choices are given as A, B, C & D. Choose the correct answer and write A, B, C or D in your answer booklet. $4 \times 1 = 4M$

Vinoba is the embodiment _____ (9) India. _____ (10) his wide culture and learning westerners might find him less easy to approach than Gandhi. When I first _____ (11) him I thought him reserved, almost remote. When he spoke, _____ (12) simple, unsophisticated language, suited to an audience of illiterate peasants.

9. A) in B) to C) for D) of
10. A) Instead of B) In spite of C) In case of D) As
11. A) meet B) meets C) met D) meeting
12. A) his B) my C) her D) your

- D. Read the following sentences. Identify the clauses and say whether they are main clauses or subordinate clauses. $2 \times 1 = 2M$

13. The shops were closed because there was a strike.
14. We like songs but they like games.

- E. Rewrite the following passage with proper punctuation and correct spellings in your answer booklet. $2M$

15. While Kotnis is venerated in China, with textbooks recounting his story to children and a Beijing hospital even creating a medical team in his memory very little is known of him in the land of his birth.

- F. Prepare a speech on the topic 'Woman is not a bonsai tree' featuring your thoughts on women empowerment. $4M$

A) Answer the following questions :

 $(2 \times 1 = 2)$

- Solve : $7x - 9 = 16$
- Represent $\frac{5}{8}$ on the number line.

B) Answer the following questions :

 $(3 \times 2 = 6)$

- Four times of a number reduced by 5 equals to 19. Find the number ?
- Express $0.\overline{54}$ in $\frac{p}{q}$ form.
- Multiply $\frac{2}{11}$ by the reciprocal of $\frac{-5}{14}$.

C) Answer the following questions :

 $(2 \times 3 = 6)$

- The sum of two rational numbers is 8. If one of the numbers is $\frac{-5}{6}$, find the other.
- The sum of three consecutive multiples of 7 is 777. Find these multiples.
(Hint : Three consecutive multiples of 7 are $x, x + 7, x + 14$).

D) Answer ONE of the following questions :

 $(1 \times 4 = 4)$

- a) Find '5' rational numbers between $\frac{-3}{4}$ and $\frac{5}{6}$.

(OR)

b) Solve : $5(x - 1) + 4(x + 3) = 2(7 + x)$

E) Choose the correct answer :

$(4 \times \frac{1}{2} = 2)$

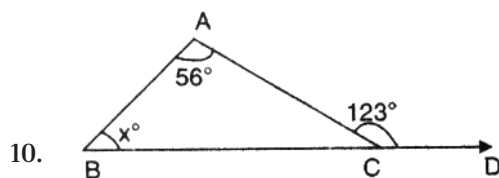

9. Subtract $\frac{3}{5}$ from $\frac{7}{20}$, then we get _____.

A) $\frac{-1}{4}$

B) $\frac{5}{20}$

C) $\frac{1}{4}$

D) $\frac{-20}{5}$

From the adjacent figure, find 'x'.

A) 77°

B) 123°

C) 57°

D) 67°

11. $0.176 =$ _____.

A) $\frac{122}{125}$

B) $\frac{125}{22}$

C) $\frac{22}{125}$

D) $\frac{176}{100}$

12. If $3x + 7 = 28$, then 'x' = _____.

A) 3

B) 7

C) -7

D) -3

6. हमें गरीब लोगों की मदद क्यों करनी चाहिए ? उसके बारे में विस्तार कीजिए।
- III. सृजनात्मक - अभिव्यक्ति :
- नीचे दिये गये प्रश्न का उत्तर दीजिए।
7. 'स्वच्छ भारत' के विषय पर एक निबंध लिखिए।
- (या)
- हिन्दी सीखने की आवश्यकता के बारे में अपने छोटी बहन के नाम पत्र लिखिए।
- IV. शब्द भंडार :
- सूचना के अनुसार बदलकर लिखिए।
8. 'न्यास' - समानार्थी शब्द लिखकर वाक्य में प्रयोग कीजिए।
9. 'व्यापारिक' - इस में प्रत्यय क्या है ?
10. नाम कमाना - (मुहावरे का अर्थ लिखकर वाक्य बनाइए।)
- V. भाषा की बात :
- सूचना के अनुसार बदलकर लिखिए।
11. नयन - (इस शब्द का संधि-विच्छेद कीजिए।)
12. व्यापार - (शब्द में प्रत्यय लगाकर शब्द बनाइए।)

उपाध्यायों की सुचना : अध्यापकों के कक्षा में कराये गये छात्रों के सहगामी क्रिया ये, प्रतिस्पंदन, लिखित कार्य, परियोजना कार्यों के आधार पर अंक प्रधान करना चाहिए ।

- I. छात्रों की प्रति स्पंदना 5
विपत्ति के समय धैर्य को नखो कर आगे बढ़ना दूसरों की मदद करना हर व्यक्ति अपना कर्तव्य मानना चाहिए । इस पर तुम्हारा प्रतिक्रिया क्या है ? बताइए ।
- II. लिखित कार्य 5
श्रीकृष्ण की लीलाओं को वर्णन करके अपनी किताब में लिखिए ।
- III. परियोजना कार्य 5
शेर और खरगोश के बीच में संवाद रूप में लिखिए । उनके चित्रों को भी इकट्ठा करके कक्षा में सुनाइए ।
- IV. लघु परीक्षा 20 (Average - 5)
(अ) किन्हीं दो प्रश्नों का उत्तर लिखिए । $2 \times 2 = 4$
1. तै ही पूत अनोखी जायौ - पंक्ति में ग्वालन के मन के कौनसे भाव मुखरित हो रहे हैं ?
2. घायल बाज को देखकर साँप खुश क्यों हुआ होगा ? लिखिए ।
3. साहस की परीक्षा विपरीत परिस्थितियों में होती है । ऐसा क्यों कहा जाता है ?
(आ) किन्हीं दो प्रश्नों का उत्तर आठ-दस पंक्तियों में लिखिए । $2 \times 4 = 8$
4. यदि आप श्रीकृष्ण की टोली में होते तो उनसे क्या-क्या बातें करते ?
5. अपने घर में आराम से रहने में जीवन का आनंद है था । स्वच्छंदता से भ्रमण करने में । कारण सहित अपने विचार लिखिए ।
6. बालकृष्ण की विशेषताएँ क्या-क्या है ? बताइए ।
(इ) सृजनात्मकता - अभिव्यक्ति $1 \times 3 = 3$
नीचे दिये गये प्रश्न का उत्तर लिखिए ।
7. आवश्यक किताबें माँगते हुए किसी पुस्तक विक्रेता के नाम पर पत्र लिखिए ।
(या)
'वृक्ष-संरक्षण' के लिए एक निबंध लिखिए ।
(ई) शब्द भंडार $3 \times 1 = 3$
सूचना के अनुसार बदलकर लिखिए ।
8. धोखा खाना - (मुहावरे शब्द का अर्थ लिखकर वाक्यों में प्रयोग कीजिए ।)
9. दूर-दूर तक उड़ाने भरी है । (रेखांकित शब्द का विपरितार्थ शब्द लिखिए ।)
10. मोर - इस शब्द का तत्सम रूप क्या है ?
(उ) भाषा की बात $2 \times 1 = 2$
सूचना के अनुसार बदलकर लिखिए ।
11. पक्षी साँप पकड़ता है । (रेखांकित शब्द का वचन बदलकर वाक्य फिर से लिखिए ।)
12. वह काला है । (वाक्य में विशेषण शब्द चुनकर लिखिए ।)

FORMATIVE ASSESSMENT - I

(UNIT TEST - I)

VIII CLASS – PHYSICAL SCIENCE

TIME : 1 Hr

20

Name : Section : Roll No. :

SYLLABUS

1. Force, 2. Friction

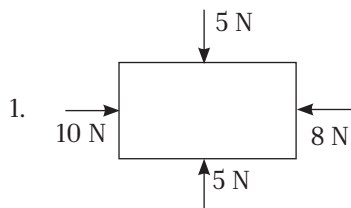

Test items	Children Participation - Responses (I)	Written items (II)	Project works (III)	Slip test (IV)	Total marks	Grade
Max. Marks	5	5	5	5	20	
Marks Secured						

Note : The teacher asks the students to do the following works i.e., children's participation, project work and written work, under his or her guidance to assess their communicative and written skills.

IV. Slip Test

A) Answer the following questions :

(3 × 1 = 3)

From the given diagram, calculate the net force acting on a body.

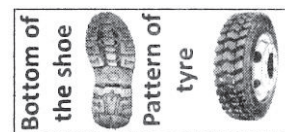

- "Friction produce heat" - suggest an activity to prove this.
- Why do tools meant for cutting always have sharp edges ?

B) Answer the following questions :

(3 × 2 = 6)

- Look at the following figures.

- Have you ever thought why the sole of your shoes is grooved ?
- Why do you need to change the tyres when it's threading is worn out ?

- Objects change their state of motion due to the net force acting on them. Do you agree with this statement ? Discuss with examples.
- On what factors does the effect of force depend ?

C) Answer any TWO of the following questions :

(2 × 4 = 8)

- What would happen if there were no force of friction ? Imagine and describe in you own words.
- Seetha is observing a moving bus with the luggage on its top. As the bus is moving slowly there is change in the state of luggage on its top. But when the bus speeds up and starts moving fast, she noticed that the luggage on the top of the bus fell to the back of the bus. This raised many

doubts in her mind regarding the effect of frictional force acting on the luggage as well as on the tyres of the bus. Can you guess the questions raised in her mind ? Write them.

9. How do you find the limiting forces that can be borne by different strings ?

D) Choose the correct answer :

$$(6 \times \frac{1}{2} = 3)$$

10. Three students in a Physics class were discussing the nature of forces. This is what they said : ()

Dinesh : a force may be a contact or a non-contact force.

Pradeep : a force can be measured as it has a magnitude.

Farhad : a force acts in a particular direction.

Who is correct ?

A) Only Dinesh

B) Only Dinesh and Pradeep

C) Only Dinesh and Farhad

D) All-Dinesh, Pradeep and Farhad

11. A student did a set of experiments using a balloon and a glass rod. In which of the following experiments will the balloon be attracted to the glass rod ? ()

A) Experiment 1 : Negatively charged balloon brought near a negatively charged glass rod.

B) Experiment 3 : Positively charged balloon brought near a positively charged glass rod.

C) Experiment 2 : Negatively charged balloon brought near a positively charged glass rod.

D) Experiment 4 : Neutral balloon brought near a neutral glass rod.

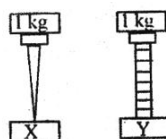

12. X, Y are the objects having same size and made with same material. A nail of 1 kg on X and a screw of 1 kg on Y are placed. On which object the pressure is more ? ()

A) On X

B) On Y

C) equal pressure on X and Y

D) Data is insufficient

13. Oiling the chain of a bicycle makes it run smoother. Why does this happen ? ()

A) The oil increases the friction between the gear cogs and the chain making them turn more easily.

B) The oil decreases the friction between the gear cogs and the chain by acting as a lubricant making them turn more easily.

C) The oil decreases the friction by making the gear cogs contact and the chain links expand.

D) The oil increases the friction by keeping the gear cogs and the chain cool.

14.

(a)

(b)

(c)

(d)

Drag is not observed in

A) a

B) b

C) c

D) d

15. Choose suitable option for matching.

Group - A

Group - B

1. Static friction

()

a) Drag

2. Sliding friction

()

b) Object at rest

3. Rolling friction

()

c) Nature of surface

4. Fluid friction

()

d) Object in motion

5. Friction

()

e) Ball bearings

A) 1 - a, 2 - b, 3 - c, 4 - d, 5 - e

B) 1 - b, 2 - d, 3 - e, 4 - a, 5 - c

C) 1 - b, 2 - c, 3 - d, 4 - e, 5 - a

D) 1 - d, 2 - e, 3 - a, 4 - b, 5 - c

Test items	Children Participation - Responses (I)	Written items (II)	Project works (III)	Slip test (IV)	Total marks	Grade
Max. Marks	5	5	5	5	20	
Marks Secured						

Note : The teacher asks the students to do the following works i.e., children's participation, project work and written work, under his or her guidance to assess their communicative and written skills.

IV. Slip Test

A) Answer the following questions :

(3 × 1 = 3)

- How do you test hydrogen gas ?
- Why are soft drinks stored in PET bottles ?
- What would happen, if we make electric switches with thermoplastics ?

B) Answer the following questions :

(3 × 2 = 6)

- Is our body a metal or non-metal ? Justify your answer.
- Which things are made from rayon fabric ?
- Write any four uses of metals in different situations.

C) Answer any TWO of the following questions :

(2 × 4 = 8)

- Observe the following table.

Substance	Is it thermo plastic ? Yes or No	Can be recycled Yes or No
P.E.T	3	3
Bakelite	5	5
Polythene	3	5
PVC	3	5

Answer the following questions.

- P.E.T is not used in the manufacture of cooker handles. Why ?
- Which substance is used to manufacture electric switches ? Why ?
- Which is thermo plastic that can not be recycled ?
- Why we have to ban the polythene covers ?

8. Where do we use the process of recycling ? How is it useful ? Give examples.
9. You are given copper sulphate, Iron sulphate, an iron nail and copper wire. How do you test the reactivity of metals iron and copper ? Explain through an activity.

D) Choose the correct answer :

(6 × ½ = 3)

10. Observe Set - A, Set - B and choose correct matching.

()

Set - A

Set - B

a) Sulphur

i) Packing covers

b) Carbon

ii) match boxes

c) Aluminium

iii) ornaments

d) Silver

iv) decolourising agent

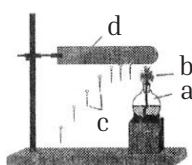

A) a - ii, b - iv, c - i, d - iii

B) a - iv, b - iii, c - ii, d - i

C) a - iii, b - ii, c - i, d - iv

D) a - i, b - ii, c - iii, d - iv

11.

The experiment in the given figure is for

()

A) Conductivity of electricity

B) Conductivity of heat

C) Conductivity of sound

D) Melting of wax

12. The first artificial silk fibre factory in India was established in

()

A) Gujarat

B) Delhi

C) Kerala

D) Kolkata

13. i) Copper does not displace Zinc from Zinc Sulphate

()

ii) Zinc can displace Copper from Copper Sulphate

What do you notice from the above two sentences ?

A) High reactive metals can displace less reactive metals from its compound.

B) High reactive metals cannot displace less reactive metals from its compound.

C) Displacement takes place when reactivity of both the metals is equal.

D) Less reactive metals can displace high reactive metals from its compound.

14. "Universal recycling symbol is chasing arrows. Inside the arrows there will be a number that indicates the polymer". If a synthetic material is said to be recycled, the code in the icon would be

()

A) Code-4

B) Code-2

C) Code-5

D) Code-3

15.

The given articles are made with

()

A) Bakelite

B) Melamine

C) Nylon

D) PET

Marks Secured						

Note : The teacher asks the students to do the following works i.e., children's participation, project work and written work, under his or her guidance to assess their communicative and written skills.

IV. Slip Test

A) Answer the following questions :

(3 × 1 = 3)

1. In an experiment 4.5 kg of a fuel was completely burnt. The heat produced was measured to be 1,80,000 Kj. Calculate the calorific value of fuel.
2. Give four examples of combustible materials.
3. Write any two uses of Activated Carbon in our daily life.

B) Answer the following questions :

(3 × 2 = 6)

4. What actions are required to meet the future energy needs ?
5. Describe characteristics and uses of coke.
6. Draw the diagram of candle flame and label all the zones.

C) Answer any TWO of the following questions :

(2 × 4 = 8)

7. How do you prove that oxygen helps in burning ?
8. If shortage of power increases year by year, how will it affect on human life ? Explain.
9. Conduct an experiment to show that when we heat high quality coal, a gas evolves which can be burn.

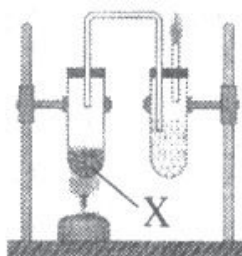

D) Choose the correct answer :

(6 × ½ = 3)

10. In the given picture X-indicates

()

- A) Coal powder
- B) Wax
- C) Petroleum
- D) Water

11. Petroleum is a fossil fuel and is a non-renewable source. Which among the following indicates the proper utilisation of fuels ? ()
- a) Minimising the mis-use of fuels.
b) Stop using the utilisation of non - renewable sources.
c) Developing alternate resources of fuels.
- A) a and b
B) a and c
C) a, b and c
D) a only
12. Which of the following is an example of rapid combustion ? ()
- i) burning of food in our body
ii) burning of LPG
iii) matchsticks catching fire
- A) only i
B) only iii
C) only ii and iii
D) all -i, ii and iii
13. P) Take a hard boiling tube and fill it with coal. Arrange a rubber cork and pass delivery tube through rubber cork. ()
- Q) Brownish black colour gas released from test tube.
R) Take a boiling tube and fill it with water.
S) We can observe the white flame at the mouth of jet tube.
- The correct sequence of arranging the apparatus.
- A) Q - R - S - P
B) P - R - Q - S
C) P - S - Q - R
D) P - Q - R - S
14. The correct order of the following sentences is ()
- 1) Insert a glass tumbler over it
2) Then flickers and finally, flame goes off
3) Take a small burning candle and put it on a table
4) The candle continues to burn for some time
- A) 3, 2, 1, 4
B) 3, 1, 4, 2
C) 3, 1, 2, 4
D) 3, 4, 2, 1
15. If you pour soda into a bowl that has a lit candle, the flame will be put out. This is because ()
- A) the oxygen in the soda puts the fire out
B) the soda reacts with the wax and removes the fuel
C) the carbon dioxide from the soda puts the fire out
D) the flame will not be put out, it will start burning more brightly

IV. Slip Test

A) Answer the following questions :

 $(3 \times 1 = 3)$

- Is it possible to predict when and where the next earthquake might occur ?
- Why does pole star seem to be stationary ?
- How does earth appear from space ?

B) Answer the following questions :

 $(3 \times 2 = 6)$

- Look at the graph.

Which section of graph has the greatest slope ?

What can you say about the speed in this section ?

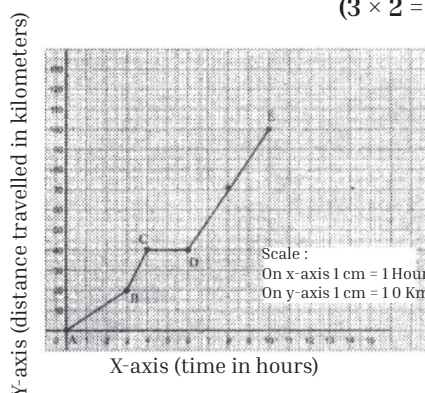

What can you say about the speed in section CD of the graph.

- Among eight planets of our solar system, earth is the only planet supporting life. Explain how we should protect our earth and its environment.
- Which places are not safe during a thunderstorm ?

C) Answer any TWO of the following questions :

 $(2 \times 4 = 8)$

- How do you prove that to find out the presence of charge on a body ?
- Write the differences between planets and stars.
- Conduct an experiment to find out the presence of charge on a body and write a report.

D) Choose the correct answer :

($6 \times \frac{1}{2} = 3$)

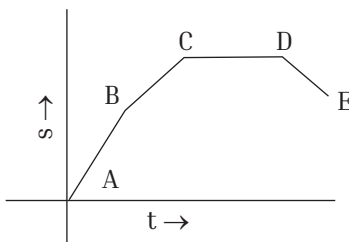

10. Match the following.

()

- | | | |
|---------------------------|-----|-----------------------------|
| i) Lightning | () | a) protects from lightning |
| ii) Earthing | () | b) huge electric spark |
| iii) Lightning conductor | () | c) electric charge transfer |
| A) i - a, ii - c, iii - b | | B) i - b, ii - c, iii - a |
| C) i - c, ii - b, iii - a | | D) i - a, ii - b, iii - c |

11. The given distance - time graph represents the motion of a cart. During in which interval the cart is at rest ?

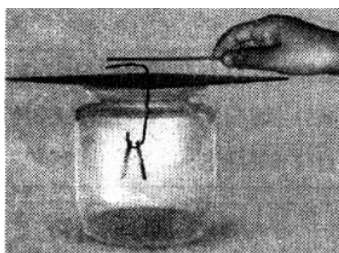

()

- | | |
|-------|-------|
| A) AB | B) DE |
| C) BC | D) CD |

12. Given figure results the activity of

()

- | | |
|----------------------|-----------------------------------|
| A) Types of charges | B) Testing the presence of charge |
| C) Effect of rubbing | D) Transfer of charge |

13. The greater the made by the line with X-axis the greater the slope.

()

- | | |

VIII CLASS – BIOLOGICAL SCIENCE

TIME : 1 Hr

20

Name : Section : Roll No. :

SYLLABUS

1. What is Science ?, 2. Cell - The Basic Unit of Life 3. The World of Micro Organisms - Part I & II

Test items	Children Participation - Responses (I)	Written items (II)	Project works (III)	Slip test (IV)	Total marks	Grade
Max. Marks	5	5	5	5	20	
Marks Secured						

Note : The teacher asks the students to do the following works i.e., children's participation, project work and written work, under his or her guidance to assess their communicative and written skills.

IV. Slip Test

A) Answer the following questions :

 $2 \times 1 = 2$

1. What is the difference between cells in Onion peel and cells in Spinach ?
2. What is science ?

B) Answer the following questions :

 $3 \times 2 = 6$

3. What questions will you pose to know about diversity in cells ?
4. What is hypothesis and what are variables ?
5. Why the cooked food spoil soon but not uncooked food ?

C) Answer the following questions :

 $2 \times 3 = 6$

6. Name the factors on which shape of the cells depend.
7. How are the human actions causing death of useful bacteria and fungi ? What will happen if this continues ?

D) Answer ONE of the following questions :

 $1 \times 4 = 4$

8. Differentiate Onion cells and Cheek cells.

(OR)

What would happen if you add buttermilk to

a) chilled milk

b) hot milk

c) luke warm milk

E) Choose the correct answer :

$$4 \times \frac{1}{2} = 2$$

9. Septicemia means

()

A) Poisoning of body

B) Poisoning of blood

C) Poisoning of organs

D) Poisoning of brain

10. Match the following.

()

i) Cholera

a) Robert Hooke

ii) Lactobacillus

b) Bacteria

iii) Cell

c) Milk to curd

A) i - a, ii - b, iii - c

B) i - c, ii - a, iii - b

C) i - b, ii - c, iii - a

D) i - b, ii - a, iii - c

11.

Identify the cell.

()

A) WBC

B) RBC

C) Smooth muscle

D) Bone cell

12. Nucleus was first observed in the leaves of

()

A) Orchid

B) Oak

C) Wheat

D) Rice
